North Anna Power Station, Unit 3)

**ERRATA TO
DOMINION VIRGINIA POWER'S PRE-FILED TESTIMONY
IN SUPPORT OF THE MANDATORY HEARING FOR THE
NORTH ANNA POWER STATION, UNIT 3 COMBINED LICENSE**

In Dominion Virginia Power's Pre-Filed Testimony in Support of the Mandatory Hearing for the North Anna, Unit 3, Combined License, which was submitted on March 2, 2017, the response to question 13 incorrectly refers to Table 1.10-201 of the FSAR as identifying where each of the Combined License Action Items listed in Appendix C of the Early Site Permit has been addressed. The correct reference is Table 1.10-202 of the FSAR.

In addition, the response to question 35 indicates that Dominion Resources, Inc., has "nearly \$71 billion in total assets." The word "nearly" should be deleted as Dominion's Resources' annual (10-K) report filed on February 28, 2017, for the fiscal year ending December 31, 2016, indicates that Dominion Resources' total assets are slightly in excess of \$71 billion. The response to question 35 also indicates that Dominion Virginia Power's "operating revenues in 2016 were over \$7.6 billion." The response should state that Dominion Virginia Power's "operating revenues in 2016 were approximately \$7.6 billion" as the annual report filed on February 28, 2017, indicates that Dominion Virginia Power's operating revenues in 2016 were \$7.588 billion.

These corrections will be included in the testimony when it is filed as an exhibit (designated as corrected testimony) in accordance with the Commission's Scheduling Order issued yesterday.

Respectfully submitted,
