Re: MidMichigan Health Letter Dated Feb 23rd, 2017 (Accession # ML17069A434)

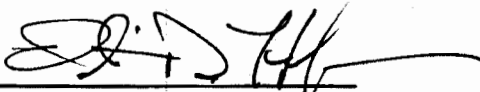

Dear Sara Forster,

We understand that MidMichigan Medical Center – Alpena has submitted a license amendment requesting authorization of Ajay Puri, M.D. for the parenteral administration of unsealed byproduct material requiring a written directive.

In the letter dated February 23rd, 2017, MidMichigan Health requested the addition of Ajay Puri, M.D. to the MidMichigan Health radioactive materials license, limited to the oral administration of sodium iodine I-131. We would like to request that Ajay Puri, M.D. be added to the MidMichigan Health license with authorization for both oral and parenteral administration of unsealed byproduct material requiring a written directive.

If you have any questions, please contact Victor D. Hosfeld, RSO at 989-839-1407.

Sincerely,

Victor D. Hosfeld, MS, DABR
Radiation Safety Officer, MidMichigan Health
Chief Physicist, MidMichigan Health
