Mr. Lawyer,

Please see attached for an email communication between the two of us last November. That being said, please let me know if I still need to make a formal request for the address change.

Thanks

Justin

Subject: RE: RE: RE: Transfer of License

Mr. Douthat,

I looked at the correspondence that was provided during the transfer of control to Marshall Miller & Associates and I did not see any mention of 582 Industrial Park Road. Your letter head had 534 Industrial Park Road. As we don't regulate the storage location in Virginia, this would be considered a change of address only. You should formally request a change of mailing address. If you can point to something that was submitted with the 582 Industrial Park Road, I might be able to do a corrected copy. Please email the date of the letter that would have told me it changed and I will look at it and determine if I can do a corrected copy.

Subject: [External_Sender] RE: RE: Transfer of License

Mr. Lawyer,

We received our amended license this week and very much appreciate your assistance in getting that completed. For future reference, our physical address (and the address to which correspondence should be directed) is **582 Industrial Park Road**, instead of 534 Industrial Park Road. Our storage location has not changed, only the mailing address specific to the building on our campus retained by Marshall Miller & Associates where our offices reside.

Thanks
Justin

Mr. Douthat,

Thanks for your response

You can ask for more activity on the gauges since you have to split it up or I will just place it down as stated.

On the well logging source, its maximum is 1 curie per source – Just so you know what will be on the license. Thanks.
