(Reference 1). On that same day, WCS submitted Revision 0 of its Physical Security Plan, Guard Training and Qualification Plan, and Safeguard Contingency Plan under separate cover (Reference 2), due to the security-sensitive nature of information contained in those documents. WCS submitted the subject documents as part of its referenced license application as specified in 10 CFR 72.24(o), 72.180, and 72.184, respectively.

The NRC staff requested supplemental information related to the Physical Security Plan on June 22, 2016 (Reference 3) to support its continued review of WCS's license application.

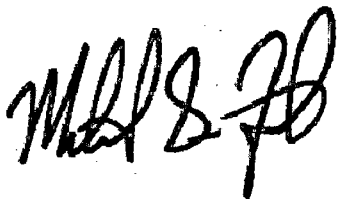

WCS hereby submits Revision 1 to its Physical Security Plan, Guard Training and Qualification Plan, and Safeguard Contingency Plan. Revision 1 of these documents incorporates changes made to respond to the staff's requests for supplemental information. Changes to these documents since Revision 0 were included in the WCS response to the RSIs.

Revision 1 of these documents is marked as Safeguards Information and must be controlled in accordance with 10 CFR 73.22.

WCS requests that a copy of all correspondence regarding this matter be directly mailed to me at P.O. Box 1129, Andrews, TX 79714. If you have any questions or need additional information, please call me at 972-450-4284.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed on March 9, 2017

Michael S. Ford, CHP
Vice President, Licensing & Corporate Compliance
