RE: Amendment RAM license #09-32781-02MD
Triad Isotopes, Inc.- Warren
Warren, MI 48092

Dear License Reviewer:

Please amend the above referenced material license to reflect the following modification:

1. Please change the RSO in this location, effective immediately, to Lisa Koss, R.Ph. Ms. Koss is currently listed as an authorized nuclear pharmacist to this license. By virtue of training and experience as an authorized nuclear pharmacist, Ms. Koss satisfies the requirements to be named Radiation Safety Officer. Triad Management agrees to provide her as RSO with sufficient authority, organizational freedom, time, resources, and management prerogative, to perform the duties as assigned. A signed Radiation Safety Officer Delegation of Authority is included as Attachment A.

The currently listed RSO, Erica Sztangret, PharmD., will remain as an authorized nuclear pharmacist on this license.

Please contact Craig Kinne, Corporate RSO, if you have any questions at 407-257-8998. A completed copy of the amendment request can be sent to the Triad Corporate Offices ATTN: Legal, at 4205 Vineland Rd, Suite L1, Orlando, FL 32811 and/or to the Warren pharmacy address to the RSO's attention.

Thanks,

Craig Kinne, CHP

Lisa Koss, R.Ph. RSO Delegation of Authority

RSO Delegation of Authority

15 March 2017

To: Lisa Koss, R.Ph.
From: James A. Wilkinson, SVP and General Counsel, Triad Isotopes, Inc.

Effective as of March 17, 2017, You, Lisa Koss, have been appointed the Radiation Safety Officer ("RSO") and are responsible for ensuring the safe storage, use, handling, packaging, shipping and transportation of radioactive materials for the Triad Isotopes, Inc. pharmacy located at

Triad Isotopes, Inc.
2252 East 14 Mile Rd
Warren, MI 48092

You are responsible for managing the radiation protection program, identifying radiation protection problems, initiating, recommending, or providing corrective actions, verifying implementation of corrective actions, stopping unsafe activities, and ensuring compliance with Triad's radiation protection program rules. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of radioactive material by employees who do not meet the necessary requirements to do so and shutting down operations when justified by radiation safety issues. You are required to notify management if employees do not cooperate and do not properly address radiation safety issues. In addition, you are free to raise issues with the U.S. Nuclear Regulatory Commission at any time. It is estimated that you will spend eight (8) hours per week conducting radiation protection activities.

The RSO is responsible for establishing, implementing, managing, and auditing the radiation protection program, including employee training and ALARA program implementation, identifying and investigating radiation safety problems, initiating recommendations and ensuring implementation of corrective actions, ensuring compliance with all regulatory requirements, termination of unsafe practices and conditions, timely reporting of safety or employee incidents involving radiation exposure and timely reporting of all quality related incidents to the Triad Quality and Safety management team. The RSO must always report incidents to Triad Isotopes incident reporting system and if required by regulation or license commitment, to the U.S. Nuclear Regulatory Commission.

Triad Management agrees to provide you, as the RSO of the above pharmacy, with sufficient authority, organizational freedom, time, resources, and management prerogative, to perform the following duties:

- a) Identification of radiation safety problems, and,
- b) Initiation of recommendations, or provide corrective actions, and,
- c) Stopping unsafe operations, and,
- d) Verification of timely implementation of corrective actions, and,
- e) Assumption of the full responsibilities for radiation protection and safety programs.

You agree, by your signature below as RSO, to accept responsibility for implementing the radiation protection program and shall ensure that radiation safety activities are being performed in accordance with Triad's Policies and Procedures and the U.S. Nuclear Regulatory Commission regulatory requirements.

I accept these RSO responsibilities;
