

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

March 22, 2017

All AGREEMENT STATES, WYOMING, AND VERMONT

ISSUANCE OF SA-111, FORMAL QUALIFICATIONS FOR INTEGRATED MATERIALS PERFORMANCE EVALUATION PROGRAM (IMPEP) TEAM MEMBERS AND TEAM LEADERS (STC-17-029)

**Purpose:** To inform the Agreement States, Vermont, and Wyoming that Office of Nuclear Materials Safety and Safeguards (NMSS) Procedure SA-111, *Formal Qualifications for IMPEP Team Members and Team Leaders* (ML17012A174) has been approved and issued.

**Background:** On December 5, 2016, NMSS issued State and Tribal Communications Letter 16-090 (STC 16-090) to the Agreement States, Wyoming, and Vermont requesting comments to SA-111, *Formal Qualifications for IMPEP Team Members and Team Leaders* (ML16334A036). Comments to SA-111 were received, recorded and resolved in the Resolution of Comments Document for SA-111 (ML17012A183). It was noted in the letter that this document replaces the Handbook to Management Directive 5.10.

**Discussion:** SA-111 is an existing procedure which was revised to replace the handbook to NRC Management Directive (MD) 5.10, *Formal Qualifications for IMPEP Team Members and Team Leaders* (ML17012A174). This was done as the procedure and handbook contained redundant provisions, and also because future revisions can be done to SA-111 more efficiently and frequently than to the Management Directive/Handbook 5.10. SA-111 (ML17012A174) and the Resolution of Comments (ML17012A183) can be found in ADAMS and will be posted on will be posted on the NRC Web site at <https://scp.nrc.gov>.
