Control No. 592024

Dr. Hess;

This is in reference to your letter dated November 17, 2016 in which you notified the NRC that a change of control (ownership) has occurred. In order to continue our review, we need the following additional information:

1. Provide a complete description of the transaction. Describe any planned changes in the organization, including but not limited to, transfer of stocks or assets and mergers, change in members on Board of Directors, etc. Provide the new licensee name, mailing address, and contact information, including phone numbers.
Response: On September 30, 2016, Reynolds Memorial Healthcare System, Inc. ("RMHS"), Reynolds Memorial Hospital, Inc. ("RMH"), and West Virginia University Hospitals, Inc. ("WVUH"), entered into that certain Agreement and Plan of Reorganization and Affiliation ("Agreement"), pursuant to which: (1) RMHS, the sole corporate member of RMH, merged with and into RMH, with RMH surviving the merger and (2) WVUH became the sole corporate member of RMH. As a result of this transaction, WVUH replaced RMHS as RMH's sole corporate member, but RMH retained its separate legal existence and corporate name. There has been no change in the members of the Board of Directors of RMH. The licensee's name, mailing address, and contact information, including phone numbers, remains the same.
2. Describe any changes in personnel or duties that relate to the licensed program,

including any changes in management officials with the authority to act as Certifying Officer. Include training and experience for new personnel and any changes in the training program.

Response: There are no changes in personnel or duties that relate to the licensed program, nor are there any changes in management officials with the authority to act as Certifying Officer.

3. Please confirm that there will be no changes in the location, facilities, equipment, and radiation safety program, use, possession, waste management, or other procedures that relate to the licensed program.

Response: This response serves as RMHS's confirmation that there are no changes in the location, facilities, equipment, radiation safety program, use, possession, waste management, or other procedures that relate to the licensed program.

4. Describe the changes in the organizational structure that relate to the licensed program.

Response: There are no changes in the organization structure that relate to the licensed program. The only organization change is that WVUH is now the sole corporate member of RMH.

We will continue our review upon receipt of this information. Please reply to my attention at the Region I Office and refer to Mail Control Number 592024. If you have any questions regarding this request for additional information, please contact Robert Gallagher at (610) 337-5182 or by email at Robert.gallagher@nrc.gov. In order to continue prompt review of your application, we request that you submit your response to this letter within 30 calendar days from the date of this letter.
