Subject: [External_Sender] Please stop the storage of high-level nuclear waste in Andrews, Texas.

Bridget Houston Hyde
2201 Humble Ave.
Midland, Texas 79705

Dear Cindy Bladley,

I am writing to let you know I am opposed to the storage of high-level nuclear waste in Andrews, Texas.

My concerns range from contaminating the Ogallala Aquifer to accidents during transport that could injure many along the way. High-level nuclear waste is deadly for thousands, even millions of years. West Texas is not equipped to take on this burden.

Plus, how fair is it that Texas shoulder this lethal burden for so many other states?

I believe the best place to store high-level waste is at or near the reactors. Controlled storage in pools under a layer of water seems by far the safest option.

Please do not approve Andrews, Texas as a storage site for high-level nuclear waste.

Docket ID NRC 2016-0231

Sincerely,

Bridget Houston Hyde
