1. The first part of the document discusses the general principles of the project and the objectives to be achieved. It also outlines the scope of the work and the resources available for its completion.

2. The second part of the document provides a detailed description of the methodology used in the study. This includes the selection of the sample, the data collection procedures, and the statistical methods employed for data analysis.

3. The third part of the document presents the results of the study. These results are discussed in the context of the research objectives and the existing literature on the subject. The findings indicate that there is a significant correlation between the variables studied, which supports the hypothesis of the study.

4. The fourth part of the document discusses the implications of the findings and provides recommendations for future research. It also addresses the limitations of the study and suggests ways in which the research could be improved.

5. The final part of the document is a conclusion that summarizes the main findings of the study and reiterates the importance of the research. It also expresses the author's appreciation for the support and assistance provided by the research team and the funding agency.

In reply refer to:  
AFA-SE, #1-1-80-F-31

Mr. Wm. H. Regan, Jr.  
Acting Assistant Director  
for Environmental Projects  
Division of Site Safety and  
Environmental Analysis  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Regan:

This acknowledges your request, dated January 23, 1980, for consultation relative to Section 7 of the Endangered Species Act for the operation of the Diablo Canyon Nuclear Power Plant. In your request, you solicited our opinion on the effect upon five species, including the gray whale, Eschrichtius robustus. The gray whale is under the jurisdiction of National Marine Fisheries Service. We note you have an opinion for this species from them, and will address the other four.

Your request was received here on January 28, 1980, and is being designated as case number 1-1-80-F-31. Please refer to this case number on any further correspondence.

We are assigning field work for this consultation to our Area Manager at the following address:

William D. Sweeney  
2800 Cottage Way, Room E-2740  
Sacramento, CA 95825  
Phone: FTS 468-4664

His staff will likely want to review the project with your staff and may need additional information. We will notify you of our conclusion within 90 days as required by the recent amendments to the Endangered Species Act.

Sincerely yours,

David B. Marshall  
Acting Assistant Regional Director  
Federal Assistance
