Re: Docket No. 50-275
Docket No. 50-323
Diablo Canyon Units 1 & 2

Dear Mr. Schwencer:

Enclosed for your review is a draft of Operating Procedure OP-38, entitled, "Anticipated Transients Without Trip." This procedure is being provided at the request of the Staff (Mr. A. C. Thadani) to assist in the review of the ATWS issue at Diablo Canyon. It is not to be considered part of the docket file supporting our operating license application, nor will future revisions be submitted to the Staff unless requested.

Approved copies of the procedure will be available to the Region V Inspectors.

Very truly yours,

Philip A. Crane, Jr.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is essential for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent and reliable data collection processes to support effective decision-making.

3. The third part of the document focuses on the role of technology in modern data management. It discusses how advanced software solutions can streamline data collection, storage, and analysis, thereby improving efficiency and accuracy.

4. The fourth part of the document addresses the challenges associated with data security and privacy. It stresses the importance of implementing robust security measures to protect sensitive information from unauthorized access and breaches.

5. The fifth part of the document concludes by summarizing the key findings and recommendations. It reiterates the importance of a data-driven approach and encourages the organization to continue investing in its data management capabilities.
