ORDER RELATIVE TO PGandE's
MOTION FOR LOW POWER TESTING

On July 14, 1980, PGandE filed a motion for Fuel Loading and Low Power Testing. By Order of August 1, 1980, the Board granted the additional time to August 4 for Governor Brown and the Joint Intervenors. The NRC Staff time was extended to August 11, 1980. The Governor and the Joint Intervenors filed on August 4 and the Staff on August 6. (The certificate of service for the Joint Intervenors shows the date of August 6.)

After carefully reviewing all filings, we have determined that, before scheduling a prehearing conference, it would be of benefit to the Board to have supplemental positions from each party. This is, in part, because some filings crossed in the mails. The parties are directed to file on the following schedule:
