Re: Docket No. 50-275
Docket No. 50-323

Dear Mr. Schwencer:

Your letter dated May 7, 1980 requested a review of the control room habitability for conformance to Regulatory Guides 1.78 and 1.95 and Standard Review Plan Sections 2.2.1, 2.2.2, 2.2.3, and 6.4, as specified in the Task Action Plan (NUREG 0660, May 1980).

PGandE has evaluated the habitability aspects of the Diablo Canyon control room and concludes that it complies with the above specified requirements. This conclusion was confirmed in SER Supplement No. 9.

Very truly yours,

Philip A. Crane

1. The first part of the report deals with the general situation of the country and the progress of the work during the year. It is followed by a detailed account of the work done in each of the various departments. The report then goes on to discuss the results of the work and the progress made towards the completion of the various projects. Finally, it concludes with a summary of the work done and a statement of the progress made during the year.

2. The second part of the report deals with the financial statement of the organization for the year. It shows the income and expenditure for each of the various departments and the total income and expenditure for the year. It also shows the balance sheet of the organization at the end of the year and the progress made towards the completion of the various projects.

3. The third part of the report deals with the personnel statement of the organization for the year. It shows the number of staff employed in each of the various departments and the total number of staff employed for the year. It also shows the progress made towards the completion of the various projects.

4. The fourth part of the report deals with the general statement of the organization for the year. It shows the progress made towards the completion of the various projects and the results of the work done during the year. It also shows the progress made towards the completion of the various projects.
