Re: Docket No. 50-275
Docket No. 50-323
Diablo Canyon Units 1 and 2

Dear Mr. Tedesco:

Westinghouse is scheduled to meet with the NRC Staff on May 15 and 16 to discuss Control System failures. This discussion will define the scope of information required by the NRC Staff to fully respond to the Control System failures request. Once the scope has been determined, Westinghouse will establish a schedule for providing PG&E with the required information for Diablo Canyon. We will provide a submittal schedule once we receive Westinghouse's schedule.

Very truly yours,

Philip A. Crane, Jr.
