

6/10/81

To: The Atomic Safety and Licensing Board

I live in the San Luis Obispo area, and I am concerned about the need to evacuate my family and/or myself in the event of a radiological emergency at the Diablo Canyon nuclear power plant.

Specifically, I hereby affirm that:

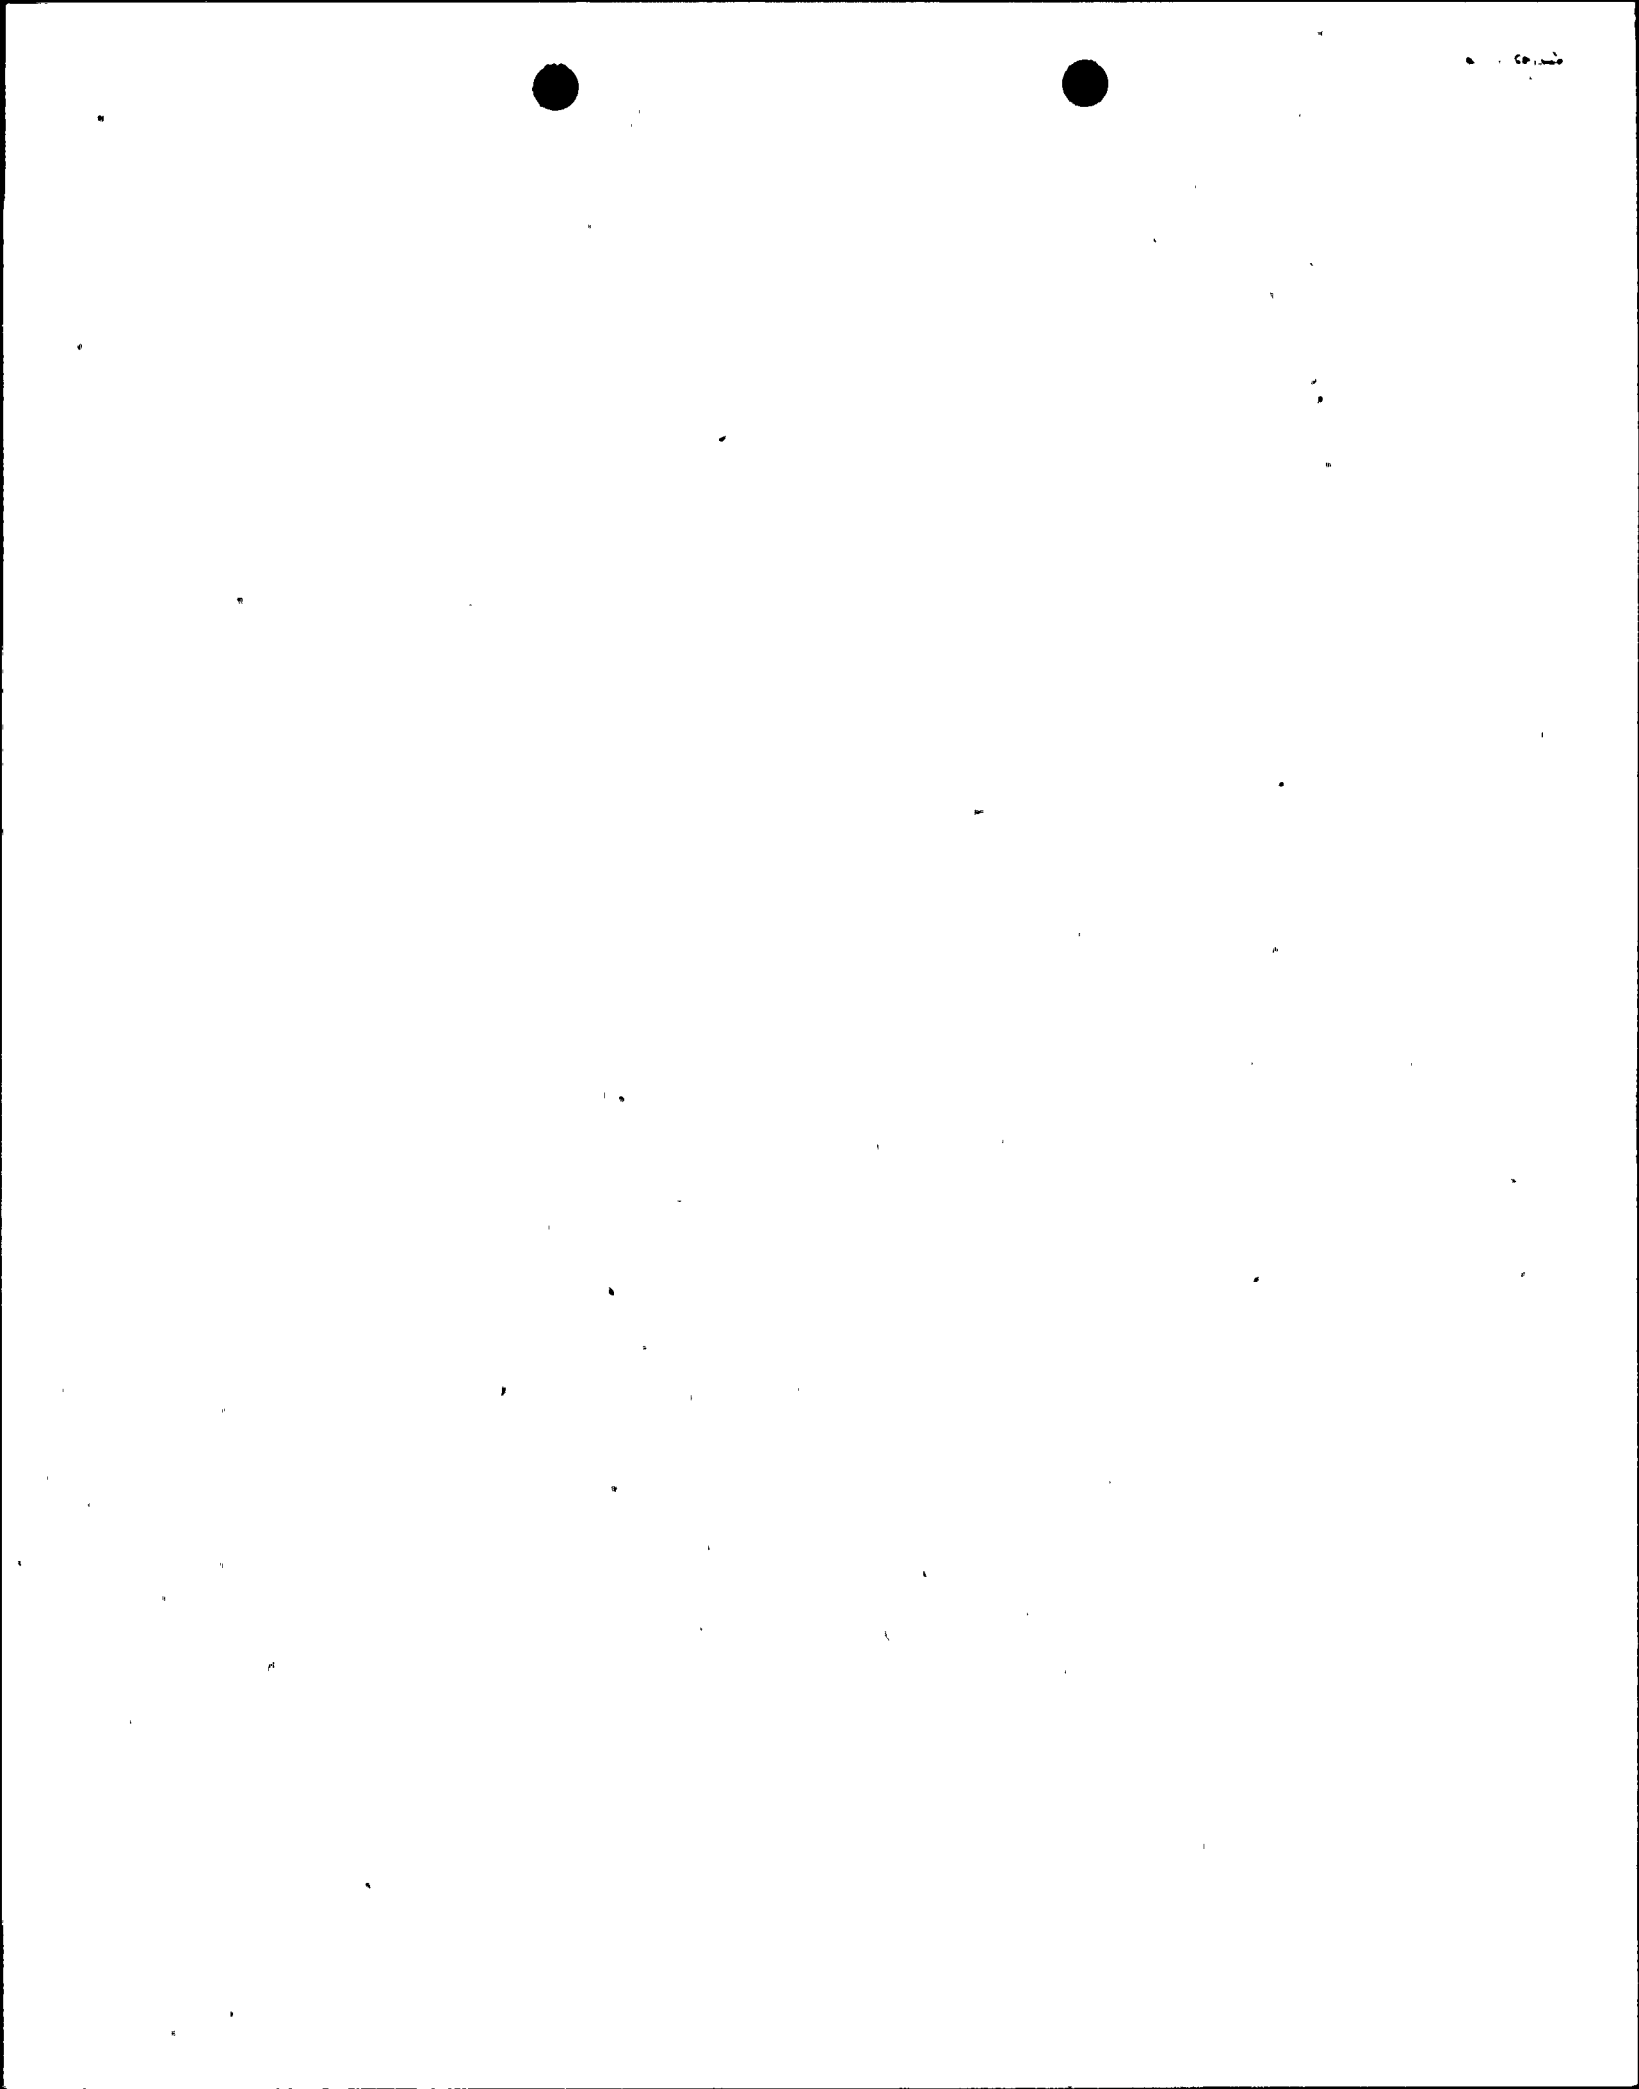

- (1) I do not know what actions my family, or I should take to respond to a radiological emergency at Diablo Canyon.
- (2) I do not know what the evacuation routes are in the event of an emergency.
- (3) I do not know what medical facilities, if any, are equipped to treat the public in the event of such an emergency.
