TOTAL NUMBER OF COPIES REQUIRED: LTR 64 ENCL 51

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be clearly documented and verified. This process is crucial for ensuring the integrity and reliability of the financial data.

In the second section, the author details the various methods used to collect and analyze data. These methods include direct observation, interviews, and the use of specialized software tools. Each method is described in detail, highlighting its strengths and potential limitations.

The third section focuses on the results of the data analysis. It presents a series of findings that have been carefully reviewed and interpreted. These findings provide valuable insights into the underlying patterns and trends within the data set.

Finally, the document concludes with a series of recommendations based on the research findings. These recommendations are designed to help improve the efficiency and effectiveness of the data collection and analysis process. The author hopes that these suggestions will be helpful to anyone who is interested in this field of study.

Washington, DC 20555

Re: Docket No. 50-275
Docket No. 50-323
Diablo Canyon Units 1 and 2

Dear Mr. Miraglia:

At the request of the NRC's Project Manager, we are providing estimated construction completion dates for Units 1 and 2 at Diablo Canyon. The dates given below are for completion of all construction required to support the activities shown.

	<u>Fuel Loading</u>	<u>Power Ascension</u> <u>(Above 5% of rated power)</u>
Unit 1	Completed	November 1, 1981
Unit 2	July 4, 1982	August 22, 1982

Sincerely,

Malcolm H. Furbush
