Dear Sirs:

DOCKET NUMBER 50-275/32302A  
PROP. & TITLE PAGE

I am writing in regard to my extreme concern in regards to the dangers posed by the high level radioactive wastes produced by the Diablo Canyon nuclear power plant. PG&E's plan for radioactive waste storage next to an active earthquake fault at Diablo is totally unacceptable. Please do not allow this! Sincerely,

James N. Gordon, San Luis Obispo
