Dear Dr. Pichumani:

As per our telephone discussions regarding the next meeting of the SSI independent consultant panel dealing with the Diablo Canyon Seismic Design Basis Building Effects, I have discussed possible dates with the panel. It appears that Wednesday thru Friday, November 4 to 6 1987, would be a time span that all panel members could attend. Thus, in addition to myself Professors Costantino, Veletsos and Gazetos can schedule to attend the meeting on these dates. Also, since Dr. Philippacopoulos participated with Dr. Costantino in the CLASSI/SASSI evaluations I suggest that he also attend the meeting.

Please advise me as soon as possible if these tentative dates and my suggestions meet NRC approval.

Very truly yours,

Morris Reich per db
