Dear Mr. Shiffer:

SUBJECT: DIABLO CANYON - REQUEST FOR ADDITIONAL INFORMATION - EMPIRICAL  
GROUND MOTION (TAC NO. 55305)

Enclosed is a copy of a letter received from Dr. Kenneth Campbell of the U. S. Geological Survey who is an advisor to the staff on ground motion for the Diablo Canyon Seismic Reevaluation Program. During his review of information provided by Pacific Gas and Electric (PG&E) and his own studies as part of his technical assistance to the staff, Dr. Campbell has identified some apparent inconsistencies in the PG&E data base which are identified in the enclosure. Since a response is needed before we can complete our analysis of the data base a response within thirty days would be appreciated.

The reporting and/or recordkeeping requirements contained in this letter affect fewer than ten respondents; therefore, OMB clearance is not required under Pub. L. 96-511.

Please contact us if you should have any questions regarding this request.

Sincerely,

Original signed by
