CHAPTER 14.0

INITIAL TEST PROGRAM

14.1 SPECIFIC INFORMATION TO BE INCLUDED IN PRELIMINARY SAFETY ANALYSIS REPORTS

This section is not applicable to an FSAR.

14.2 INITIAL TEST PROGRAM

The selections describing the Callaway Initial Test Program have been deleted. The deleted sections are contained in the FSAR on record as of the receipt of the Callaway Operating License No. NPF-30 on October 18, 1984. In addition, the referenced letters in **Section 14.3** contain program revisions implemented subsequent to receipt of the Operating License but not incorporated into the FSAR. This information will not be reproduced in later revisions to the FSAR due to the historical status of the content. This information may be provided, however, upon request from the Union Electric Nuclear Licensing Department.
