Subject: FW: Washington State's Radiological Health Final Rules

Attached to this e-mail is a PDF of Washington State's Final Radiological Health Rules for the following chapters:

- * 246-221 WAC, Radiation protection standards
- * 246-231 WAC, Packaging and transportation of radioactive material
- * 246-232 WAC, Radioactive materials - licensing applicability
- * 246-237 WAC, Radiation protection - physical protection of category 1 and category 2 quantities of radioactive material
- * 246-243 WAC, Radiation protection - industrial radiography
- * 246-252 WAC, Radiation protection - uranium or thorium milling

These final rules adopted the following RATS:

RATS ID

Title

2012-3

Technical Corrections - Part 30, 34, 40, and 71

2015-1

Domestic Licensing of Special Nuclear Material - Written Reports and Clarifying Amendments

2015-2

Safeguards Information - Modified Handling Categorization, Change for Materials Facilities

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of the Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200.
