Dear Dr. Morris:

Enclosed are 60 copies of Addendum No. 1 to the Dresden Unit 2 Semi-Annual Report No. 1 dated August 28, 1970. This Addendum was requested by members of your staff and consists of data for our Environmental Monitoring Program for the months of April, May, and June of 1970. *← already numbered in file*

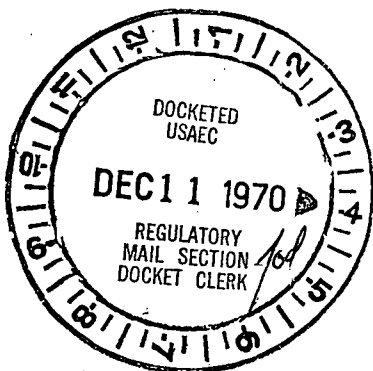

These data were not included in the Semi-Annual Report because they were not available by the deadline for submission of the Semi-Annual Report specified in Appendix A of DPR-19. This will be a continuing problem in future Semi-Annual Reports because the time required to complete the isotopic analyses of the data is about two months which is the same amount of time allowed for submittal of the Semi-Annual Report following the close of the reporting period.

We are investigating what can be done to ameliorate this situation and will discuss possible solutions with you prior to arriving at a final decision.

Very truly yours,

*Henry E. Bliss*
