Jessica,

I have reviewed the package ML17088A116. I have made tracked changes and a couple comments in the TRSE (ML17088A115) for you to address. Please accept/decline all editorial changes as you deem necessary and remove comments once they have been addressed. Please let me know if you have any questions.

Per this email, I concur on ML17088A115 (TRSE) and ML17088A116 (Letter) in the package ML17088A116.

Thank you,  
Crystal

Crystal,

How are you? I checked with a couple of other LAs and no one is available for next week. Will you please review the documents in the package below? The SE has already been reviewed when it was in draft so there shouldn't be much to look at in there. The letter is pretty short. Do you think you could have this done by early next week, say Tuesday?

Jessica

Hi Karla,

Thank You.

Hi Karla, will you please add the two attached documents as a package to ADAMS? Please be sure to give all NRO Admin, LAs, and myself owner rights to the package.

When you've completed this action please email me the package number. Also, please prepare a concurrence package for this.

Thank You,  
Jessica
