REQUEST TO WITHHOLD INFORMATION FROM PUBLIC DISCLOSURE

The following technical drawings included of our reply dated April 3, 2017 to the letter from the NRC dated March 21, 2017 are our property and represent information of a proprietary nature. Bruker Detection Corporation hereby requests that this information be withheld from public disclosure:

- Attachment A RAID-AFM Filtration System
- Attachment A RAID-AFM Consumable Filters
- Attachment B TIMON(Toxic Industrial Monitor)
- Attachment B TIMON Sensor Unit

This information contains details on the design of our device and would cause us substantial harm if revealed to our competitors.

This information is sent to the NRC in confidence and is unavailable in any other public document.

“This technical data is export controlled under the US EAR as category 1E607. Please protect from unauthorized release to foreign nationals.”

All proprietary information previously submitted is export controlled under US EAR as category 1E607.

If the NRC determines that this information is not necessary to our application, we request that it be returned to us or destroyed.
