NRC Docket Nos. 50-373 and 50-374

Subject: Submittal of Integrated Initial Operator License Examination  
Materials

Enclosed are the examination materials, which LaSalle County Station is submitting in support of the initial license examination, scheduled for October 17 through November 4, 2016 at LaSalle County Station.

This submittal includes the Job Performance Measures and Integrated Plant Operation Scenario Guides. The Senior Reactor Operator and Reactor Operator written examinations will be submitted on August 22, 2016.

These examination materials have been developed in accordance with NUREG-1021, "Operator Licensing Examination Standards," Revision 10. Please note that reference materials are attached to each individual examination question or item.

Some minor modifications have been made to the Integrated Examination Outline with regards to the operational scenarios in order to improve balance and content. These changes improve examination quality and are in compliance with NUREG-1021, "Operator Licensing Examination Standards," Revision 10.

Some modifications or adjustments to the examination material may be required due to procedural changes.

In accordance with NUREG –1021, Revision 10, Section ES-201, please ensure that these materials are withheld from public disclosure for 2 years from examination completion date.
