AFFIDAVIT

I, Stephen G. Bindon, being sworn, depose and say as follows:

1. I am President of Trijicon, Inc. (the "Corporation"). In my capacity as such, I am authorized to execute this Affidavit on behalf of the Corporation and have reviewed the Information set forth in Section 2.

2. I execute this Affidavit pursuant to 10 CFR 2.390 and request that the following be withheld in whole from public disclosure (collectively, the "Drawings"):

The following data, spreadsheets, drawings, pictures, and photographs (the "Drawings") in their entirety submitted to the U.S. Nuclear Regulatory Commission (the "Commission") in connection with the renewal or amendment of Materials License No. 21-19874-01, Exempt Distribution License 21-19874-02E, or Registry of Radioactive Seal Sources and Devices License No. NR-418-D-101-E.

(a) Attachment 1: Riflescope Series Drawings TRS2690 and TRS2691

(b) Attachment 3: Riflescope Series Test Report

(c) Attachment 4: ARMS Report 9-5-2008

3. The Drawings contain trade secrets or privileged or confidential commercial or financial information, and such Information:

(a) has been held in confidence by the Corporation;

(b) is of the type that is customarily and rationally held in confidence by the Corporation due to the sensitive design specifications on Engineering drawings;

(c) was transmitted to and, to my knowledge, received by the Commission in confidence;

(d) is not available in public sources; and

(e) is of the type and nature that, if disclosed publicly, is likely to cause substantial harm to the competitive position of the Corporation by disclosing exact dimensions, tolerances, material specifications, assembly techniques and procedures, which are all proprietary designs of Trijicon Inc. If such information is revealed as public documents, it may reveal the technology that Trijicon Inc. has researched & developed to become the leader in high quality optics and sighting devices, thus harming our competitive position.

IN WITNESS WHEREOF, I have executed this Affidavit on January 29, 2009.

Stephen G. Bindon
