Subject: Annual Assessment meeting response

Dear Mr. Press,
Thank you for attending last night's Salem/Hope Creek annual assessment meeting. I understand you had questions about electromagnetic pulses that we were unable to enter. Here are two posts from the NRC blog that discusses our efforts in this area:

<https://public-blog.nrc-gateway.gov/2016/07/05/update-keeping-u-s-reactors-safe-from-power-pulses/>

Should you have any further questions, please feel free to contact me.
