Attn: Mr. Tapp

FROM: AFMSA/SG3PB

SUBJECT: Requirement for 10 CFR Part 71 Transportation Quality Assurance Program (QAP)

The USAF Radioisotope Committee (RIC) formerly received QAP Approval for transportation of multiple Radioisotope Thermoelectric Generators (RTGs). We completed disposition for all subject RTGs to a Department of Energy disposal site in the summer of 2015. We no longer require QAP approval. Please remove the RIC and USAF from the QAP list.
