

FEMA

APR 14 2017

Mr. Allan Barker
Chief, State & Government Affairs
U.S. NRC-Region III
2443 Warrenville Road, Suite 210
Lisle, Illinois 60532-4352

Dear Mr. Barker:

The State of Ohio has requested Federal participation at the Davis-Besse Nuclear Power Station's Radiological Emergency Preparedness (REP) Exercise scheduled for April 15 to 19, 2019. The REP exercise will be both a plume phase and ingestion pathway exercise with full participation from the State of Ohio, Lucas County and Ottawa County.

We are requesting the U.S. Nuclear Regulatory Commission-RIII to provide a Federal Advisory Team member to participate in the April 2019 exercise. The Federal Advisory Team members would interact with and support various exercise operations, including the analysis and interpretation of radiological data.

If there is an interest in providing a Federal Advisory Team member for the 2019 Davis-Besse Nuclear Power Station's REP Exercise, please contact Edward Golinski at (312) 408-5353 or edward.golinski@fema.dhs.gov or me at (312) 408-5389 or sean.oleary@fema.dhs.gov for further details.

Sincerely,

A handwritten signature in black ink, appearing to read "Sean O'Leary". The signature is stylized and includes a large checkmark-like flourish at the end.

Sean O'Leary, Chair
Regional Assistance Committee
