Dear Dr. Haas,

This is in reference to your letter dated March 31, 2017, requesting to terminate Nuclear Regulatory Commission License No. 44-3143434-01, Docket No. 03038428. To terminate a license, we follow the guidance in [NUREG-1757, Volume 1, Revision 2, "Consolidated Decommissioning Guidance Decommissioning Process for Materials Licensees."](#) In order to continue our review, we need the following additional information:

1. For all sealed sources, including those no longer in your possession, please provide the most recent leak tests for the Tc-99 sealed sources demonstrating there has been no leakage.
2. Submit a NRC [Form 314, "Certificate of Disposition of Materials,"](#) or equivalent information.
3. Provide written confirmation from the recipient listed on NRC Form 314, along with their license number, that the material has been transferred to them. This includes the neutron generators as well as the Tc-99 material.

We will continue our review upon receipt of this information. Please reply to my attention at the Region 1 Office (Address below) and refer to Mail Control No. 594488. If you have technical questions regarding this letter, please call me at (610) 337-5366.

Your reply must be an originally signed and dated letter. The letter may be scanned and submitted as a pdf document attached to an email; or it may be transmitted by facsimile to (610) 337-5269; or it may be sent by regular mail. If we do not receive a reply from you within 30 calendar days from the date of this e-mail, we will assume that you do not wish to pursue your application OR amendment request.

Please respond by e-mail to acknowledge that you have received the e-mail request for additional information.
