Subject: [External_Sender] Oppose the WCS Consolidated "Interim" Storage waste dump site in West Texas

I oppose the WCS Consolidated "Interim" Storage waste dump site in West Texas

The NRC must conduct safety and environmental reviews before it decides whether to approve the dump application. The residents Texas and New Mexico they don't want a radioactive dump and nuclear waste shipments in their communities.

If a centralized storage facility for highly radioactive nuclear fuel is opened, thousands of shipments of dangerous waste will begin traveling the nation's highways and rails each year.

Thank you
