Subject: [External_Sender] Docket ID NRC=2016-023: Extend Comment Period, Include Transport in EIS, Reject Centralized

To the Nuclear Regulatory Commission:

PUT IT IN YOUR OWN DAM BACKYARD.

Waste Control Specialists' (WCS) application to store tons of irradiated nuclear fuel and high-level radioactive waste from nuclear reactors around the country in Andrews County will cause thousands of unnecessary nuclear waste shipment across the US.

Please ensure the Environmental Impact Statement (EIS) includes the risks of national transportation as well as the risks of the site becoming permanent by default. Include transportation methods, specific routes, and all their potential impacts in the Environmental Impact Statement.

Sincerely,

Sherrill Futrell
