Dear Sir/Madam,

We have signed a contract for Nuclear Medicine services with Medical Outsourcing Solutions.

Our request is to not renew and inactivate our current Radioactive Materials License upon its expiration, allowing Medical Outsourcing Solutions (upon NRC approval of their license amendment request, adding our facility to their existing license) to begin providing Nuclear Medicine services at our hospital.

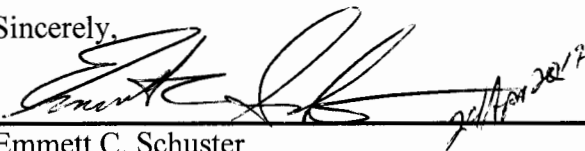

We give permission for Medical Outsourcing Solutions to begin Nuclear Medicine Services at our facility located at: 1808 Sherman Drive Princeton, Indiana 47670

I hereby authorize Medical Outsourcing Solutions to receive, use and store radioactive materials in accordance with the Nuclear Regulatory Commission Regulations and the Conditions on Medical Outsourcing Solutions Radioactive Material License (12-35254-01).

In the interest of time and patient care, if you need additional information please contact directly by email or by cell phone Mr. William Gooch, our consultant who is assisting our management team in this transition. bgooch@micmos.com, (618)606-5016.

We hope that the information submitted is satisfactory to expedite the above request.

Sincerely,

Emmett C. Schuster
President/CEO of the building

Centered Around You.
