**SUBJECT: DRESDEN NUCLEAR POWER STATION – CONFIRMATION OF INITIAL
LICENSE EXAMINATION**

Dear Mr. Hanson:

In a face-to-face conversation on May 1, 2017, between Mr. R. K. Walton, NRC Chief Examiner and Wayne Cope, and Jeff Nelson, Facility Exam Authors, arrangements were made to change the schedule date for the staff to furnish the written examinations, operating tests, and supporting reference materials identified in Attachment 3 to ES-201. The submittal due date for this material was moved from June 5, 2017, to June 26, 2017, due to a change in the examiners schedule and to provide the facility more time to validate the initial license exam.

All other provisions discussed in the March 13, 2017, letter have not changed.

If you have any questions regarding the U.S. Nuclear Regulatory Commission's examination procedures and guidelines, please contact Mr. R. K. Walton, at 630-829-9836, or me at 630-829-9834.

Sincerely,

/RA/
