Mr. Matt Rossignol  
Quality Assurance Manager  
Chicago Bridge & Iron  
366 Old Airport Rd.  
Laurens, SC 29360

SUBJECT: RESPONSE TO EXTENSION REQUEST – NUCLEAR REGULATORY  
COMMISSION INSPECTION OF CHICAGO BRIDGE & IRON, INSPECTION  
REPORT NO. 99901432/2017-201, NOTICE OF VIOLATION AND NOTICE OF  
NONCONFORMANCE

Dear Mr. Rossignol:

This confirms receipt of your April 10, 2017, and April 26, 2017, letters requesting an extension for your follow-up response to the subject Nuclear Regulatory Commission (NRC) inspection report due to the fact that you need more time to complete ultrasonic testing examinations and perform a root cause analysis for Notice of Violation 99901432/2017-201-01 and Notice of Nonconformance 99901432-2017-201-02. As discussed in a telephone call on April 25, 2017, and requested in your April 26, 2017, letter, we will disregard the previous extension request of 90 days requested in your April 10, 2017, letter.

We hereby acknowledge your second request for an extension, and having considered the circumstances prompting the request, we hereby grant you that extension until May 30, 2017.

In accordance with the Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390 of the NRC's "Public inspections, exemptions, requests for withholding," of 10 CFR Part 2, "Rules of Practice for Domestic Licensing Proceedings and Issuance of Orders," a copy of this letter, its enclosures, and any associated correspondence will be placed in the NRC's Public Document Room or from the NRC's document system, accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>. To the extent possible, your response should not include any personal privacy, proprietary, or safeguards information so that it can be made available to the public without redaction.

Sincerely,

*/RA/*

John P. Burke, Chief  
Quality Assurance Vendor Inspection Branch-2  
Division of Construction Inspection  
and Operational Programs  
Office of New Reactors
