RE: North Carolina's State Liaison Officer

Dear Chairman Svinicki:

Thank you for your correspondence dated March 22, 2017 regarding my appointment of a State Liaison Officer to act as the State of North Carolina's primary liaison to the United States Nuclear Regulatory Commission (NRC). Please accept this letter as written affirmation of my desire for Mr. Lee Cox to remain as my selected appointee to serve as North Carolina's State Liaison Officer. Mr. Cox has served in this role for a number of years and oversees the state's Radiation Protection Section in the North Carolina Department of Health and Human Services.

Thank you as well for the information you provided in your March 22 correspondence regarding the State Liaison Officer Program. In keeping with the 1976 recommendation from the National Governors Association, I trust this appointment will continue to foster the longstanding cooperative relationship between North Carolina and the NRC.

I look forward to continuing the excellent operational and collaborative relationship that has been built throughout the years.

With kind regards, I am

Very truly yours,

A handwritten signature in black ink that reads "Roy Cooper".

Roy Cooper
