Re: License No. 24-32769-01

Jennifer,

Enclosed is a letter from Jefferson Asphalt, the NRC licensed company that purchased the nuclear gauges from APAC-Missouri, Inc. This should be our response to number 1 on the enclosed NRC Form 699 Conversation Record.

In his e-mail to me, Stephen Meyers stated to me that he is out of the USA at this time and he will gather the leak tests that were performed at the time of the purchase. Apparently the test reports are stored in packages with the machines and they are currently out at various jobsites. I asked to receive all the information you requested by the end of April, and I will forward the reports to you as soon as I receive them in response to number 2 on the Form 699.

Sincerely,

A handwritten signature in black ink, appearing to read "Warren L. Harms", written over a large, stylized circular flourish.

Warren L. Harms
Construction Controller
APAC-Missouri, Inc.

SUBJECT
Additional Documentation Required for License Termination

SUMMARY

In NRC Form 314, Certificate of Disposition of Materials, dated February 21, 2017, you have requested to terminate your NRC license. Please note that the following information will need to be provided in order to complete this request:

1. Please provide the a letter or other documentation from the company who purchased the gauges from APAC-Missouri, Inc. This documentation should state that the company has taken possession of the gauges, include a list of the specific gauges they have taken possession of (manufacturer, model number and serial number) and the letter should be signed. Please also ensure the license number for the company purchasing the gauges is included in the documentation.
2. Please provide the most current leak test for all the gauges possessed under this license. Several leak test results were provided, however, those leak tests do not appear to be for any of the gauge models currently approved for use on your license.

ACTION REQUIRED (IF ANY)

Please submit your response by May 5, 2017, and reference it to my attention as "additional information to control number 593086" to facilitate proper handling in our office. Your response must be currently dated and signed. If you have any questions or require clarification of any of the information stated above, please do not hesitate to contact me at 630-829-9607

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.htm>.

Jennifer,

Attached is a signed letter from Jefferson Asphalt, the NRC licensed company that purchased the nuclear gauges from APAC-Missouri, Inc. This should be our response to number 1 on the attached NRC Form 699 Conversation Record attached.

In his e-mail with this letter, Stephen Meyers stated to me that he is out of the USA at this time and he will gather the leak tests that were performed at the time of the purchase. Apparently the test reports are stored in packages with the machines and they are currently out at various jobsites. I asked to receive all the information you requested by the end of this week, and I hope we will still receive the reports in response to number 2 on the Form 699 by May 5.

Subject: [EXT] Additional Information Needed for License Termination

Dear Mr. Harms,

Attached is a conversation record detailing the additional information we discussed this morning that we will need in order to terminate your NRC license. You can provide the additional information, using a signed cover letter, to me by fax (630-515-1078) or email (jennifer.dalzell-bishop@nrc.gov.)

Please provide your response by May 5, 2017. If you have any questions, or need additional time to provide the requested documents, please feel free to contact me.

Sincerely,

Jennifer L. Bishop
