RE: **Amendment to License #39-35180-01E**

Dear Richard:

In accordance with *10 CFR 40.52 Regulation Governing Radioactive Source Material*, ESAB is submitting a signed letter which serves as a formal request to have the Corporate Headquarters listed as 411 S. Ebenezer Road, Florence South Carolina 29501 as part of license #39-35180-01E removed. The new Corporate Headquarters that ESAB request to have listed on the aforementioned license is 2800 Airport Road, Denton, Texas 76207.

At this time, no other amendments are requested nor warranted for license #39-35180-01E given procurement, processing, usage and distribution of said materials (Thoriated Tungsten) are unchanged.

If you have any questions or concerns regarding this letter or the application, you may contact me at (843) 245-8551 or [sfoxworth@esab.com](mailto:sfoxworth@esab.com)

Sincerely,

Shawn L. Foxworth, M.P.H., CSP, CHMM  
Corporate Manager – Americas  
Environment, Health, Safety & Risk Management
