COMMISSION INSPECTION OF AZZ NUCLEAR | NLI, REPORT  
NO. 99901471/2016-201, NOTICE OF VIOLATION AND NONCONFORMANCE

Dear Mr. Bolt:

This confirms receipt of your May 10, 2017, letter requesting an extension for your response to the subject Nuclear Regulatory Commission (NRC) inspection report. In a follow-up phone conversation with the NRC on May 10, 2017, you provided additional information stating that the extension was requested due to the fact that additional time was needed to gather and process engineering documentation to support your position and provide a quality product.

We hereby acknowledge your request for an extension, and having considered the circumstances prompting the request, grant that extension until May 24, 2017.

In accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390 of the NRC's "Public inspections, exemptions, requests for withholding," of 10 CFR Part 2, "Rules of Practice for Domestic Licensing Proceedings and Issuance of Orders," a copy of this letter and any associated correspondence will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System, which is accessible at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,
