Director Marc Dapas

Office on Nuclear Material Safety and Safeguards.

Attention: Document Control Desk/GLTS

U.S. Nuclear Regulatory Commission

Washington, DC 20555-0001

Dear NRC Document Control,

This letter is to inform you, per NRC Regulations (10 CFR) Section 35, paragraph (c)(8)(iii), that as of 4/26/2017 The Hershey Company has transferred its full inventory of micro Electron Capture Detectors to Agilent Technologies. Device identification and recipient information are listed as follows:

Devices Being Transferred:

Detector Manufacturer	Model	Serial Number
Agilent	G2397A	U12505
Agilent	G2397A	U18979
Agilent	G2397A	U19014
Agilent	G2397A	U21553
Agilent	G2397A	U21554

Recipient:

Agilent Technologies, Inc.
2850 Centerville Road
Wilmington, DE 19808-1610

Recipient's License:

NRC license 07-28762-01

Transfer Date: 4/26/2017

Thank You,
Bruce Kiefer, Radiation Safety Officer
