¹ Other than the CAL, the regulatory actions for plants in Column 4 are not mandatory NRC actions. However, the regional office should consider each of these regulatory actions when significant new information regarding licensee performance becomes available.

² These specific stakeholders shall be notified if a plant is moving to the specified column because of security-related issues.

³ The timing of the meeting shall be based on a collegial determination by the Commission informed by a recommendation from the EDO, and may exceed the six-month requirement
