RE: License Amendment for West Virginia License Number: 37-35306-01/03038922

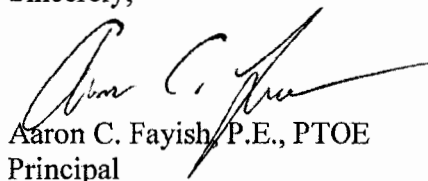

Dear Mr. Reichard:

I would like to request an amendment to Radioactive Material License No. 37-35306-01. I wish to add an additional 2 Gauges to our license to authorize Stahl Sheaffer Engineering to use the IntroTek, Inc. CPN "MC Series" nuclear moisture/density gauge for measurement of soils and construction materials. This would bring out gauge total to 7.

Nuclide	Cs-137 and AM-241:Be
Form	Sealed Sources (CPN Model CPN – 131)
Authorized Use	To be used as a component for CPN Model MC Series and 500 series gauges for determination of moisture and density in engineering materials.

Should you have any questions or need additional information, please feel free to contact:
Matthew McCahan – 814-233-4200; mmccahan@sse-llc.com
Molly Moore – 724-960-1111; mmoore@sse-llc.com

Sincerely,

Aaron C. Fayish, P.E., PTOE
Principal

ACKNOWLEDGEMENT - RECEIPT OF CORRESPONDENCE

Name and Address of Applicant and/or Licensee Stahl Sheaffer Engineering ATTN: Aaron C. Fayish, P.E., PTOE, Principal 5000 Waterdam Plaza Drive Suite 120 McMurray, PA 15317	Date May 12, 2017
	License Number(s) 37-35306-01
	Mail Control Number(s) 594714
	Licensing and/or Technical Reviewer or Branch Commercial, Industrial, R&D, & Academic Branch (Branch 2)

This is to acknowledge receipt of your: Letter and/or Application Dated: 05/04/2017

The initial processing, which included an administrative review, has been performed.
 Amendment Termination New License Renewal

There were no administrative omissions identified during our initial review.

This is to acknowledge receipt of your application for renewal of the material(s) license identified above. Your application is deemed timely filed, and accordingly, the license will not expire until final action has been taken by this office.

Your application for a new NRC license did not include your taxpayer identification number. Please complete and submit NRC Form 531, Request for Taxpayer Identification Number, located at the following link: <http://www.nrc.gov/reading-rm/doc-collections/forms/nrc531.pdf>
 Follow the instructions on the form for submission.

The following administrative omissions have been identified:
 [Empty box for listing omissions]

Your application has been assigned the above listed MAIL CONTROL NUMBER. When calling to inquire about this action, please refer to this control number. Your application has been forwarded to a technical reviewer. Please note that the technical review, which is normally completed within 180 days for a renewal application (90 days for all other requests), may identify additional omissions or require additional information. If you have any questions concerning the processing of your application, our contact information is listed below:
