SUBJECT: TIMKEN MOTOR AND CRANE SERVICES, LLC, REQUEST FOR ADDITIONAL INFORMATION, MAIL CONTROL NO. 594597

Mr. Rapp:

This is in reference to your application dated April 13, 2017, requesting to amend NRC License No. 06-31045-01. In order to continue our review, we need the following additional information:

Explain how the increase in possession limits which you have requested will impact your current decommissioning cost estimate. If your decommissioning cost estimate increases you are required to submit updated financial assurance documents.

In order to continue prompt review of your application, we request that you submit your response to this letter within 30 calendar days from the date of this letter.

An electronic version of the NRC's regulations is available on the NRC Web Site at: www.nrc.gov. Additional information regarding use of radioactive materials may be obtained on the NRC Web Site at: <http://www.nrc.gov/materials/miau/mat-toolkits.html>. This site also provides the link to the toolbox for updated information on the revised regulations for naturally-occurring and accelerator-produced radioactive materials (NARM).

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web Site at: <http://www.nrc.gov/reading-rm/adams.html>. Please be aware that you may request that certain portions of your submittal to NRC be withheld from public disclosure as proprietary information. To do this, you must execute an affidavit as specified in 10 CFR 2.390. You must list all portions that you wish to be held proprietary, along with your reasoning as to why that is appropriate. While it is allowable, please refrain from submitting proprietary information in support of a license unless necessary. Keep in mind that all NRC licenses are considered to be in the public domain, and therefore may be viewed by any member of the public who requests to see them.

If you have any questions regarding this request for additional information, please contact me at 610-337-5399 or via electronic mail at stephen.hammann@nrc.gov.
