Desc: Digital copies of ML15226A566, ML102150361, ML102510172, and the package of documents in ML112940567. I was reviewing NRC inspection reports for the Point Beach nuclear plant. There are links for inspection reports dating back to 2000 at <https://www.nrc.gov/reactors/operating/oversight/listofrpts-body.html>. The links for the four inspection reports listed above returned no records. I checked with the NRC's Public Document Room regarding these documents and was informed they are coded non-public. Since I'm not sure why the NRC's public website for inspection reports would link to non-public documents, their non-public coding might be mistakes. In any case, I request digital copies of these documents.
