IE BULLETIN 79-28
ER 100450 FILE 840-4
PLA-449

Dear Mr. Grier:

In response to IE Bulletin 79-28, Pennsylvania Power and Light Company has determined that the NAMCO Model EA 180 Limit Switches are applied at Susquehanna SES. We are in the process of determining if the subject limit switches are utilized in safety-related applications and require the corrective action specified in the bulletin. We will provide a complete response by March 31, 1980.

Very truly yours,

N. W. Curtis
VP-Engineering and Construction
