

DEAR SIRS-

THE PROSPECT OF A NUCLEAR POWER PLANT AT BERWICK CONCERNS ME, I AM WORRIED ABOUT THE AREA I LIVE IN BEING POLLUTED TO THE POINT OF MAKING IT UNLIVEABLE?

NUCLEAR POWER AS FAR AS I CAN TELL IS NOT ONLY DANGEROUS BUT IMPRACTICAL

I THAT THE SOURCE IS LIMITED TO ABOUT 90 YEARS AND THE RADIOACTIVITY WILL LAST

FOR GENERATIONS DOES THAT SOUND PRACTICAL?

IS IT FAIR TO GENERATIONS AHEAD OF US TO BE SADDLED TO THE RESPONSIBILITY OF OUR

CONSUMPTION PLEASE GO ON TOWARD THE USE OF

SAFER ENERGY SOURCES
