Secretary of the Commission
Docketing & Service Branch
Nuclear Regulatory Commission
Washington, D. C. 20555

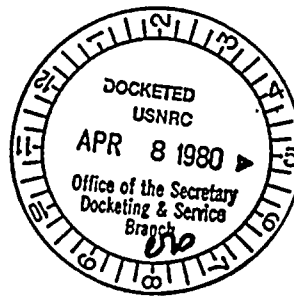

Dear Sir,

I would like the opportunity to make a five minute oral presentation before the Atomic Safety and Licensing Board of the Nuclear Regulator Commission when it meets in Wilkes-Barre, Pennsylvania, on March 20, 1980, concerning PP&L's Susquehanna Steam Electric Station.

I wish to speak in favor of PP&L's motions.

Sincerely,

Frank Murray
Associate Professor

FM/abc
