Dear Mr. Grier:

This letter serves to supplement the above referenced correspondence which advised the Commission of a deficiency relating to application of non-Q pilot solenoid valves in safety related systems.

PP&L is awaiting additional information regarding the factors which may have contributed to the condition. Based upon the projected receipt of said information, we expect our final report, required under the provisions of 10CFR50.55(e), to be delayed until February, 1981.

Very truly yours,

N. W. Curtis
