Dear Sirs:

I would like to receive current information as it pertains to hearings concerning environmental and safety issues at FF&L's Susquehanna Steam Electric Station near Berwick Penna.

It is my understanding public hearings on those issues have not yet been conducted. I would like to know when any future hearings are scheduled and how to go about registering in order to make a statement.

Please send the information I have requested, and please keep me informed of future hearing matters.

Thank you.

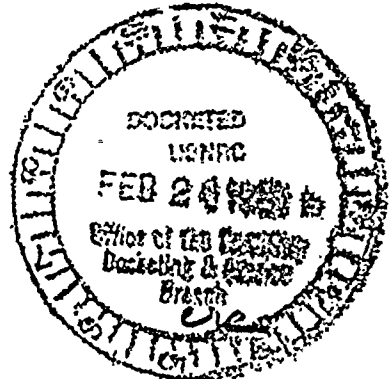

Sincerely,

Kenneth H. Mertz
