PROJECT SCHEDULE
ER 100450 FILE 841-2
PLA-997

Dear Mr. Schwencer:

As you know, the current schedule for Susquehanna calls for plant completion and fuel loading on April 15, 1982. Due to slower than expected progress in our construction and startup programs, this date will not be met. After reassessing our schedule we have decided to revise the Susquehanna Unit 1 fuel load date to July 1, 1982.

If you require additional information, please call.

Very truly yours,

N. W. Curtis
Vice President-Engineering & Construction-Nuclear
