TOTAL NUMBER OF COPIES REQUIRED: LTR 64 ENCL 0

10-11-68

1. The first part of the document discusses the general situation of the company and the results of the previous period. It mentions that the company has achieved significant progress in various areas, including production, sales, and financial performance. The management team is pleased with the results and believes that the company is well-positioned for continued growth.

2. The second part of the document provides a detailed analysis of the company's financial performance. It includes a breakdown of revenue, expenses, and profit margins. The analysis shows that the company's revenue has increased significantly compared to the previous period, primarily due to an increase in sales volume. Expenses have also increased, but the overall profit margin remains healthy.

3. The third part of the document discusses the company's marketing and sales strategy. It outlines the key objectives for the current period and the actions that will be taken to achieve them. The strategy focuses on expanding the company's market share and increasing its customer base. This will be achieved through a combination of traditional marketing channels and digital marketing initiatives.

4. The fourth part of the document discusses the company's production and operations. It provides an overview of the production process and the current status of the company's facilities. The management team is committed to maintaining high standards of quality and efficiency in all aspects of the production process. They will continue to invest in research and development to improve the company's production capabilities.

5. The fifth part of the document discusses the company's human resources and labor relations. It provides an overview of the company's workforce and the current status of labor relations. The management team is committed to providing a safe and healthy work environment for all employees. They will continue to invest in training and development to improve the skills and productivity of the workforce.

6. The sixth part of the document discusses the company's legal and regulatory compliance. It provides an overview of the company's legal obligations and the steps that will be taken to ensure compliance. The management team is committed to maintaining the highest standards of legal and regulatory compliance in all aspects of the company's operations.

7. The seventh part of the document discusses the company's environmental and social responsibility. It provides an overview of the company's environmental and social performance and the steps that will be taken to improve it. The management team is committed to reducing the company's carbon footprint and promoting social responsibility in all aspects of its operations.

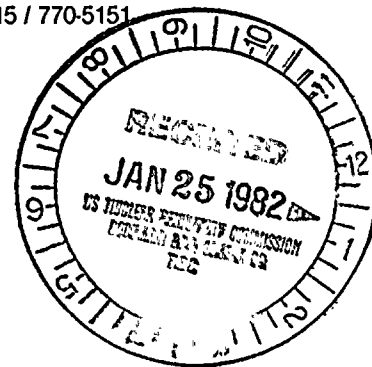

8. The eighth part of the document discusses the company's future outlook and goals. It provides an overview of the company's long-term strategy and the key objectives for the next period. The management team is optimistic about the company's future and believes that it is well-positioned to achieve its goals.

Docket Nos. 50-387  
50-388

SUSQUEHANNA STEAM ELECTRIC STATION  
REQUEST FOR USE OF CODE CASE N-316  
ER 100450 FILE 841-2  
PLA-1003

Dear Mr. Schwencer:

This is to request approval by the NRC of Code Case N-316 entitled "Alternative Rules to Fillet Weld Dimensions for Section III, Div. 1, class 1, 2, and 3 Socket Welded Fittings" for use on Susquehanna SES.

This code case was recently approved by ASME.

If you have any questions, please contact us.

Very truly yours,

N. W. Curtis  
Vice President-Engineering and Construction-Nuclear

JMS/mks
